RETAIL MANAGEMENT HERO

x2x - Integration

Microsoft Dynamics GP

RMH + DYNAMICS GP
MICROSOFT

"MANAGE ERP AND POS WITH AN INTEGRATED SOLUTION"

Why ?

x2x eCommerce for Retail Management Hero and Microsoft Dynamics GP

- Sales, Purchase, Item, Price, Customer & Vendor Management
- End to end compatibility between two platforms
- Bi-directional Integration
- User friendly Interface

Benefits:

- Configuration flexibility as per requirement
- Module's selection capability as per requirement
- Creation of GP Item in RMH ensures same data in both systems
- Integration of both Standard & Extended prices is possible
- Change of customer information or the credit limit in GP is automatically updated in RMHC.
- Flexibility to create only selected customer class

- Integration of Walk-in, Named and accounts receivable customer is possible
- Sales transaction population in GP from RMH
- Updated inventory count on both systems
- Scheduling of key processes is possible
- Log of all activities is available

BENEFITS OF INTEGRATING
MICROSOFT DYNAMICS GP AND RETAIL MANAGEMENT HERO:

- Key Business Processes Automation
- Data synchronization between the two systems/platforms
- Enhanced Productivity by getting rid of manual data entry, hence saves time and effort
- Elimination of human errors with less human interaction, preventing potential time and financial loss.
- Prompt updates ensures real time data availability
- Focus on Profitability and growing business by letting the backend processes be handled
