CONVERT RMH DATA

INTO YOUR SOLUTION

COMPATIBLE FILE

RMH GL SUITE

RMH GL SUITE

x2x RMH GL Suite is a connector that allows users to export GL Data from RMH to be imported into any other compatible accounting software

Why GL - Suite ?

Financial management is very important if you want to maximize your profits and manage your cash flow accurately. Updated financial records reflect how organized you are as a business and how efficient your planning is. Keeping this in mind, x2x eCommerce has developed a solution that ticks all the boxes when it comes to managing your finances. Not only will GL Suite facilitate you in keeping your accounting records straight, but also it is a great source of reducing data redundancy and human error. Also, with GL Suite, you can export compatible files that will work perfectly with your chosen finance management software.

Benefits of GL Suite:

- Manages your retail transactions
- Accurate cash flow
- Exports Data from RMH to your finance management solution
- Keeps your financial records up to date
- Generates financial solution compatible files
