Microsoft Dynamics Business Central with Shopify Integration

x2x eCommerce 365 BC-Shopify integration provide the organizations with a hassle-free tool to manage their Shopify eCommerce webstore

Why ?

x2x eCommerce for Microsoft Dynamics 365 Business Central and Shopify

eCommerce has entirely changed the business scenario, with sellers showcasing their products online rather than in brick-and-mortar stores, as a result, there is a need to develop eCommerce stores that reflect a perfect blend between aesthetics and functionality.

x2x eCommerce offers you BC–Shopify Integrator to maximize your work efficiency, BC–Shopify Integrator is a preferred choice for the sellers who want quality and efficiency along with simplicity and rich features.

BC–Shopify Integrator is great for the stores that sell goods or services that need a minimal amount of configuration, you can sell a single product or a handful of products by implementing an advanced Shopify homepage section as per your business requirement, this ultimately increases your ROI and boosts your revenue.
